**INTERNATIONAL
BIBLE UNIVERSITY**

ADMISSIONS OPEN

FROM THE DESK OF THE PRESIDENT

International Bible University is an accredited is a special blend of the kinds of education that you find in other settings. The underlying focus is discipleship - how we grow in Christ and live out our life and faith in the world.

The level of education is that of the university. Students are stretched by faculty teaching at a high level. Finally, the intent of the education is spiritually and educating to the ministries. While some students come for only a year, or take a degree, diploma and certified courses in a field that enhances the breadth of their knowledge and understanding (as might be done in a university setting with many degrees), International Bible College also provides spiritual training that leads for them to do ministries.

A high percentage of degree program graduates have been appointed to pastorates, to cross-cultural service and missions positions, and to a variety of leadership and service positions within churches, other ministry organizations, and the broader community. Others have continued their studies in seminaries or with advanced standing in university programs. Still other graduates choose to use their degrees as do many university students who take programs in the arts and humanities. An International Bible College provides Diploma, Certificate Program, and Graduates provide strong lay leadership in a variety of Christian Ministry.

MISSION STATEMENT

We exist to give the strong theological knowledge in the indian and Asian subcontinent context. When the students depart the campus after their theological completion we want every student to impact and transform the society reaching the unreached with the mind of completing the unfinished task.

VISION STATEMENT

We as a Theological institution want to see that every student after their graduation carry their torch to the unreached places and reach them by planting churches, transforming, Discipling, building and facilitating the kingdom of God sporadically tangible to the place that they tread their feet.

OBJECTIVES:

- To Equip the students to be well transformed in establishing Gods kingdom on earth.
- To build and give strong foundation in Doctrine not to be side tracked from heresies.
- To bring out the inhibited skills, talents and identify GOD given gifts with in the students and use it in their area of ministry .
- To create all sources of Library facility to the students unlimitedly, So that they may not crave for the theological needs.
